

5th Grade Statements

- **Mission: Why do we exist?**
 - Our Mission Statement is to work together to improve our instructional methods and to create an academic environment where all students are successful and will work to their maximum potential.
- **Vision: What do we want to become?**
 - We want to be a successful and effective 5th grade team, so that our students become committed to their lifelong learning.
- **Collective Commitments: How must we behave?**
 - We will bring fresh relevant standards and data (assessment) to each meeting
 - We will stay focused and set very specific goals using the Flow Map
 - We will bring:
 - Instructional strategies that worked or did not work
 - Trends we noticed
 - Skills and/or concepts that kids struggled with or were successful with
 - Enrichment activities
- **Goals: What steps do we have to take & when?**
 - Determine groups and teaching strategies for intervention and enrichment based on data
 - Create new assessments to check for understanding
 - Decide what to bring to the next meeting
