Data Discussion Protocol

Prior to your discussion:

- Arrange seating (suggested circle or horseshoe)
- Select a facilitator; facilitator will also participate in the conversation
- Review Data Norms
- Establish a “parking lot” for off agenda items that arise during the discussion
- Review the focus of the assessment:
 - What Priority Standard(s) are being assessed?
 - What was the expectation for proficiency? (e.g., 2 out of 3 on a multiple choice, score of 3 on a rubric, etc.)
