

COLLECTIVE COMMITMENTS

Setting Team Collective Commitments

Possible Commitments

We will ensure all students acquire the academic skills, knowledge, and behaviors needed for future success.

We will use evidence of student learning to make decisions and revisions in practice to help even more students learn at higher levels.

We will do all things in our power to help students learn.

We will commit to collaborate with each other to find those with each other to find those answers because we believe that the answers to our issues are found within the collective knowledge of our staff.

Possible Commitments

We will provide a method for students to continually track their own progress.

We will routinely provide targeted feedback to students and parents in a timely manner.

We will commit to ongoing professional learning.

We will communicate positively to promote professional accountability.

We will commit to do things that are best for our students even if it might not be the most comfortable thing for adults.
