

# Willowbrook 5 in 5 Parent Survey - August 2022

## (Responses)

Please rate your overall experience at Willowbrook Elementary so far.	How well are our teachers supporting you and your student?	How well is our school admin supporting your family?	Please rate our school communication.	Additional comments, concerns or questions? Is there something we can help with?

5	5	5	5	A monthly phone call from class teacher after hours for quick update on progress of student and things to work on at home will be awesome.
5	5	5	5	We thank you!

4	5	5	3	At times the communication is unclear. This year has been much better than last. The newsletters coming from the school are hard to find all of the information without digging. Also, in Kindergarten, we only got a newsletter once a month and it had very little information. Parents need to have more information given to them their first year in school. First grade, we have been given a weekly newsletter and many emails with reminders. We very much appreciate that!

5	5	5	5	We love Willowbrook! We have been so impressed by all the teachers we have encountered. The administration seems genuinely engaged and does an excellent job of communication. We've had such a positive experience. THANK YOU!!
5	5	5	5	
5	5	5	5	It's been so refreshing to hear how happy, and loved my children are! So happy to be here
5	5	5	5	Keep up the good work! Thankful to be a part of Willowbrook!
3	4	5	5	I really like the new positive reinforcement initiatives and all of the parent engagement this year. I have had some concerns about my daughter's class, but I think some adjustments are being made to improve the dynamics.
5	5	5	5	My family has had the best experience at Willowbrook. Both my girls have benefited academically, socially, and emotionally from the teachers and staff. We really appreciate all you do.
5	5	5	5	If a student is going to receive an award at a pep rally, please email the parents ahead of time so they can make plans to attend and watch their child receive the award. Last school year, our child received an award at a pep rally, but we had no idea he was recognized at all until about a week later when he brought home the certificate. He later told us his kindergarten class watched the pep rally on the TV from the classroom, and he didn't know what the award was for. It would have been really helpful if the teacher let us parents know he was recognized for something. We know last year was so different. Now that pep rallies are happening in person, both of us parents would want to attend if we knew ahead of time that our child was being recognized. Thank you for all you do!
5	5	5	5	Great year so far! I truly appreciate the entire staff for how hard they work to get kids into and out of the building each day!
5	5	5	5	Great school, great staff, love all the teachers

5	5	5	5	Culture of homework giving should be there , so that parents and kids are working together along with the school.
5	5	5	5	More bike racks and can't wait for the bike path to be finished! We love WES!
