

HR Diagram Breakdown- Extension

Instructions:

1. Label the X-Axis and Y-Axis of the HR diagram below with the appropriate units of measurement.
2. Label the axis with HOTTER, COOLER, DIM, & BRIGHT
3. Circle the 5 different groups of stars and label them.
4. Label where the Sun would be located in the diagram.

Based on the HR diagram and your knowledge of classification of the stars, you will now create questions. You must come up with 5 multiple choice questions and 5 open-ended questions to be considered to place on the review for the next test.
