Partnering with parents and community

Preparing all students for their future

**Goal 1:** Build a guaranteed and viable curriculum based on Wyoming/National performance standards, with aligned OA items targeting ACT standards/skills. Data Analysis will focus on OA ACT Skills for core academics and National Performance (or Workforce) Measures for CTE/Fine Arts/PE, and general electives.

**Goal 2:** Grow the percent of students in each cohort (using year to year trend data) achieving the Wyoming Readiness Benchmark on Aspire/ACT and WyTOPP in Reading, Math, Science and English.

**Goal 3:** Reduce the number of students scoring an ACT of 18 or below to 25% or less; increase students scoring an ACT of 21+ to 60% or more. Raise the Bar, Close the GAP: 2006 ACT College and Workforce Readiness Study concluded the **math** and **reading** skills needed to be an electrician/carpenter/plumber are the same needed to be a successful first year college student. \*\*Career/College/Military Readiness = High Expectations for ALL.

**Goal 4:** Positive student engagement will be a focus, with 90% of all students involved in WHSAA athletics or an activity, or an organized school sponsored club that meets regularly.

**Goal 5:** Build "Sources of Strength" peer to peer mentoring. Student perception survey results will be used to evaluate school climate.
