

ILT Meeting Unit Overview Sheet - October 2016

I can analyze other PLC work and provide feedback to help guide their work

This means I can review the PLC teams evidence and provide them with feedback and suggestions on how to work with the priority standards, unpacking standards and creating unit overview sheets.

----------	------------	---------

Proof:

I can actively participate in the gallery walk activity and receive feedback from others

This means that I can take suggestions and feedback from other team members back to my PLT in order to help my team move forward with unpacking the standards, creating unit overview sheets and using the essential standards chart.

----------	------------	---------

Proof:

I can explain to my PLT what our next steps and expectations are for our PLC work

This means I can identify with my team members the tasks, discussions and expectations for our work in the next month as it is related to student learning.
