

Abraham Lincoln Elementary School
Cicero, Illinois

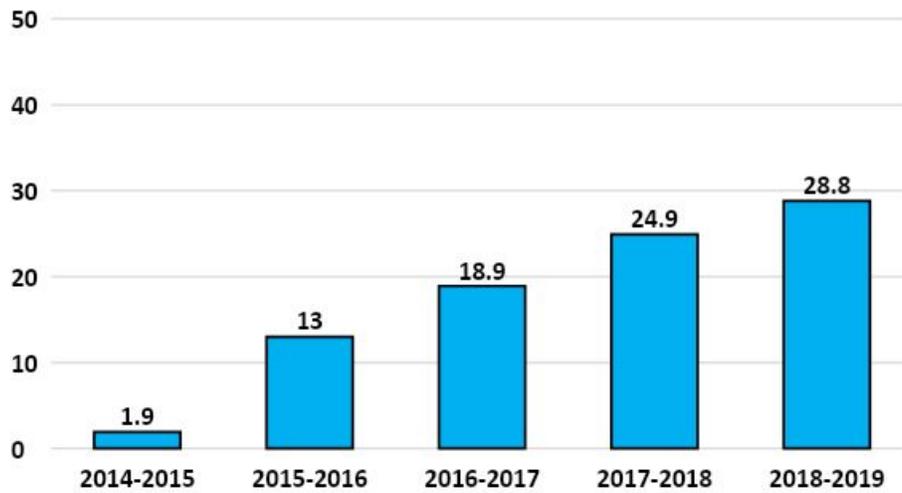

Since beginning the PLC process, Abraham Lincoln Elementary School has shown 17 percent growth as measured by the NWEA MAP assessment (Domo, 2019). During the 2014-15 school year, 21.5 percent of students were meeting national norms. The most recent data shows that 38.7 percent of students are meeting national norms. Following Lincoln's first year of PLCs, student performance increased by 8.8 percent. These huge improvements in achievement encouraged Lincoln's community to move forward with the PLC process. Due to this commitment, Lincoln has become the highest-performing school in Cicero District 99.
