Collaborate with colleagues to share ideas, strategies, and create systems that promote academic student growth and excellence. Find ways to continue to grow as adult learners and provide professional development opportunities across campus in unconventional ways. For example, learning walks, instructional rounds, video observations, etc.		Participate in planning and organizing events that provide a high level of family and community engagement. Work to members about learning and events at Willaubrook Elementary. Find ways to showcase learning in our school.		Identify ways to keep staff/student moral positive & supportive. Educate staff and students about diversity, equity, and inclusion practices. Promote social and emotional learning throughout the school year through various avenues.		Identify areas of strength and areas of growth within our current building procedures. Assist in creating building wide safety procedures and processes that align with the day-to-day operations of WES.		Establish procedures for inviting parents back to the building, collaborate on Stack to School communication, plan parent evens, be involved in the volunteer training.
